

5 Mar 68

GACarver, Jr.

Cambodian Rice

Attached is a memorandum I thought had been forwarded to you some time ago. It was written to examine some of the points covered in our January 1968 discussions and should be read as an informal first cut at a complex problem.

I regret the delivery lash up on this piece. When you have read it, we can get together and decide where we can most fruitfully go from here.

George A. Carver, Jr.
Special Assistant for Vietnamese Affairs
